

2026

# ERECON AWARDS

## CALL FOR APPLICATIONS

Since 2002, ERECON has conferred two awards in recognition of outstanding contributions to Environmental Agriculture. In 2023, an additional award, the Global Greening Award, was introduced.

### ☐ **Scientific Award of Environmental Agriculture**

This award is presented to scientists who conduct research in the field of Environmental Agriculture.

### ☐ **Technical Award of Environmental Agriculture**

This award is presented to farmers, engineers, and technicians who conduct activities related to Environmental Agriculture.

### ☐ **Award for Global Greening**

This award is presented to individuals and organizations engaged in greening activities.

*The Institute of Environmental Rehabilitation and Conservation (ERECON), an international non-profit organization, was established in April 2000 and is committed to promoting the sustainable use of natural resources in Asian countries. Its activities focus on environmental rehabilitation and conservation, sustainable resource management, and environmental education to promote harmony between development and the natural environment.*

*For application details, additional information, and required documents, please visit the ERECON website:*
